More Equity News!

Over two-thirds of the 1906 crop, comprising the whole out-
put of the Burley District, has been sold and the money is gradu-
ally being distributed. Mason county will come in for her pro-
rata, and after a while money is going to be plentiful round these
parts. We have suffered with the Equity, and now it is only natu-
ral to suppose that we are going to be able to rejoice with them, for
when trade opens up and all our Equity friends stick to us as we
have stuck to them, we are anticipating a rush of business. For
this reason we are advertising

CALLED TO LEXINGTON

The Rev. George H. Harris, Rector
of the Church of the Nativity,
May Leave Us

The Rev. George H. Harris of the Church of
the Nativity has a very flattering call to the
Assistant Rectorship of the Cathedral of the
Diocese of Lexington.

While he has the call under consideration it
is likely he will accept. Should he do so this
Parish will lose a most Godly man and one who
has endeared himself to not only his parish-
ioners, but the citizens of our city generally.

He is a conscientious worker, a devout and
learned Churchman and is most prominent in
the councils of the Diocese.

Attorney Thomas D. Slattery left this morn-
ing for Sedalia, Mo., in answer to a summons
from Mr. W. P. Dickson, who is an invalid
from injuries received in the railroad wreck at
Clinton, Mo., last Saturday. He goes on legal
business.

The total appraised value of the property of
the H. H. Collins Lumber Company, bankrupt,
was \$2,104.48 instead of \$6,018.63, as stated
in yesterday's paper. The mistake was made
by the stenographer in making the addition.
Liabilities, \$6,274.95.

GAS PIPE LINE

Fiscal Court Yesterday Granted a
Franchise to a Huntington
Man

At a special meeting of the Fiscal Court yes-
terday, for and in consideration of the sum of
\$35, F. B. Enloe of Huntington, W. Va., was
granted a franchise and right of way to cross
the public highways in Mason county for the
purpose of laying a gas pipe line through said
territory.

He gave bond in the sum of \$1,000 for faith-
ful compliance of agreement.

The grant also includes the privilege of a
private telephone line.

In crossing roadways the work will be under
the supervision of W. P. Smoot, Superintendent
of County Roads.

BRUSH IN BRACKEN

Reported Battle Between Soldiers
and Night Riders—Several of
the Latter Wounded

Several night riders may have been wounded
and a body of them was repulsed by the sol-
diers in an attack that was made on the home of
Louis Kinney in Bracken county in an attempt
that was made to kidnap Kinney, who is an
important witness against the night riders.

The soldiers who were on guard at Kinney's
house fired several volleys at the riders and it
is believed that several were wounded and
carried off by their comrades.

Louis Kinney is a brother of the Prosecuting
Attorney in Bracken county and has made a
determined effort to bring to justice the men
who have been raiding in Bracken county.

Kinney says that he will tell the next Grand
Jury the names of many men who have been
on raids with the night riders and believes
that he has sufficient evidence to convict many.
Kinney recently was whipped by a band of the
night riders.

THE Director of the Census announces a preliminary report on production and consumption of wood pulp for the year ended December 31st, 1906. The figures cover 237 mills in 1905 and 250 mills in 1906. For 1905 the total production in cords of wood was 3,192,123; for 1906 it was 3,646,693 cords.

At the Chicago Convention, after the Committee had seated the Taft delegates from Kentucky, Senator BRADLEY and Senator DEBOE met in the lobby of the Stratford. Senator DEBOE had a queer smile on his face, and, bending over, whispered in Senator BRADLEY's ear: "Senators don't seem to count for much nowadays, do they?"

THIS is a case of everybody happy. Mr. TAFT is happy, the Republican party is pleased and President ROOSEVELT is de-lighted. Now comes the D. O. P. and says it is tickled to death over the nomination of the War Secretary.

Everybody Happy and Nobody Hurt.

But we don't see how TAFT will be an easy mark, when the very pronouncement of BRYAN as President of the United States sends a cold chill down the business vertebrae of the country from the Penobscot to the Philippines.

To elect BRYAN President would be as reprehensible in Uncle Sam as it would be if a father should give his little son a box of matches to play with—something would happen to the premises.

The Democratic party may be stuck on WILLIAM JENNINGS BRYAN, but the other great bunch of the people know him too well and fear his policies too much ever to elect him President.

W. H. TAFT is a constructive statesman of the Roosevelt school and combines the composite qualities of Governmental ability to accomplish results in the interests of all the people.

LINCOLN, McKINLEY, ROOSEVELT and TAFT! What names to conjure with!

The Republican party will always win and the country is always safe with such a man as TAFT as a leader.

AFTER T. ROOSEVELT returns from his hunting trip to the African jungles, Kipling's "Jungle Stories" and "The Jungle" of Upton Sinclair ought to sell for less than thirty cents.

SHERMAN FOR VICE-PRESIDENT

New York Congressman Is Nominated On First Ballot as Taft's Running Mate

Great Convention Ends With All Factions in the Band Wagon

For President—W. H. Taft of Ohio.
For Vice-President—J. S. Sherman of New York.

CHICAGO, June 19th.—James S. Sherman of New York, member of Congress from that State, will be the next Vice-President of the United States. Amidst the most enthusiastic scenes, tempered by the fatigue following yesterday's Convention pandemonium, he was nominated by a total of 816, which was quickly made unanimous. Ex-Governor Murphy of New Jersey received seventy-seven votes; Governor Guild of Massachusetts, 75; Governor Sheldon of Nebraska, 10, and Vice-President Fairbanks, 1.

The scenes attending the selection of a Vice-Presidential candidate, although snappy, lacked the ginger that marked yesterday's demonstrations. The work of the day was disposed of in a business-like manner. It required little more than an hour and a half to complete the ticket.

Delaware yielded to New York and Timothy Woodruff placed James S. Sherman in nomination for Vice-President.

"Uncle Joe" Cannon seconded the nomination of Sherman.

Gov. Willson of Kentucky said: "Taft and Sherman sounds goods to me."

Senator Lodge nominated Curtis B. Guild of Massachusetts.

Mr. McCarthy nominated Franklin P. Murphy of New Jersey.

Sherman's nomination was seconded by Representative Olmsted, Pennsylvania; H. Clay Evans, Tennessee; Representative Slemple, Virginia; Harry Skinner, North Carolina, and Dennis, Oklahoma.

James Schoolcraft Sherman of New York was nominated on the first ballot.

Crane of Massachusetts moved Sherman's nomination be made unanimous. Gov. Fort of New Jersey seconded the motion. The motion prevailed unanimously and Sherman was declared nominated unanimously.

Convention adjourned at 11:45.

TAFT TO SHERMAN.

WASHINGTON, June 19th.—Secretary Taft sent a telegram to Representative Sherman immediately upon hearing of the nomination, as follows—

"I sincerely and cordially congratulate you upon your nomination for Vice-President. We welcome you as a colleague

NATURE TELLS YOU.

As Many a Maysville Reader Knows Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action; Any urinary trouble tells of kidney ills. Doan's Kidney Pills cure all kidney ills. John G. Morris, Jail Keeper, living on Main street, Flemingsburg, Ky., says:

"I can recommend Doan's Kidney Pills as being all that is claimed for them. Several months ago I was suffering severely from kidney disorders, and although I tried many remedies, I was unable to obtain relief. My kidneys were very weak and irregular in action, causing me much inconvenience and annoyance. I lost a great deal of sleep on this account. Finally Doan's Kidney Pills were recommended to me. I procured a box at J. Jas. Wood & Son's Drugstore and began using them. I was surprised at the quick results, as the trouble entirely disappeared and I have had no return of any of the symptoms since. I cannot speak too highly of Doan's Kidney Pills."

GUTTED!

And Empty is the Cash Vault of the Aberdeen Bank

Astounding State of Affairs Disclosed

The good people of our little sister city across the way are still in a dazed condition, not having fully recovered from the double shock of a horrible suicide and a financial crash, one following on the heels of the other with wonderful rapidity.

The tid-bits of information percolating from the inner circle in regard to matters pertaining to the state of affairs as to the condition of the Aberdeen Bank give little encouragement to those who had hoped that the wreck was not as bad as rumor had it.

According to the Bank statement as published in The Gretna Green, the capital stock and individual deposits amount to \$44,000—\$15,000 paid up stock and \$29,000 deposits.

It is said when the vault was opened yesterday by the Receiver and Appraisers it was found to contain less than \$100 in cash. When the full detailed facts are laid before the public, as developed by the investigation now on, it will astound financial circles in this vicinity.

What has become of the money? Somebody has benefited in the rapping of the Bank's funds. Where is it?

These and other questions are propounded by the innocent and deluded depositors.

It is well known that the dead Bank President received and accepted quite a sum of money from Saturday until the day before he shot himself, yet when the vault was opened there was only an inconsiderable amount found.

Mr. Herbert F. Sherman of Cincinnati, Inspector for the American Surety Company of New York, was here yesterday for the purpose of paying the claims of the Township funds and School funds—both of which are secured in said Company to the amount of \$5,000 each. The amounts on deposit of said funds, it is said, will not exceed \$3,000.

Gossip has it that the village of Aberdeen is loser to the extent of \$400, and the Redmen and K. of P. are said to have lost out by the defalcation. Many innocent parties have lost their all, a number of women being among the victims. The only solution of the robbery of the Bank

is, so it is reported at Aberdeen, that Fawcett's son was seen to leave the town with two suit cases.

Did he take the money with him? He is still missing.

Messrs. W. S. Sibbald, D. A. Ellis and John P. Purdon have been appointed to appraise the effects of the assigned Bank at Aberdeen. Mr. W. A. Rist was appointed Receiver.

If Secretary Taft is elected President Mrs. Taft will wear at the inaugural ball a dress made of Georgia raised silk.

Anti-Saloon League leaders are preparing to wage the hardest campaign they have ever fought in this State against the liquor interests. At the next General Assembly there will be two bills introduced which the temperance people say will pass without doubt. There are now 94 dry counties in Kentucky. The two bills provide, one for the extension of the County Unit Bill, the other being an anti-blind tiger bill.

Keep Your Bowels Open

A Safe Certain Home Remedy that is Sold By All Druggists

A fact any doctor will verify is that constipated people suffer most from disease. Regular bowel action is absolutely necessary to health. People who are constipated either part or all of the time must use something to make their bowels move. This should not be a violent purgative or a cathartic that merely tears its way through the bowels emptying them of waste matter for the time but leaving them in a weakened state that prolongs the constipated condition. Dr. Caldwell's Syrup Pepsin is an easy, pleasant, natural laxative that removes the waste matter and establishes regular, daily movements without pain or gripe. Children and delicate women should never be given strong physic for it not only weakens the bowels but the entire system. Dr. Caldwell's Syrup Pepsin serves as a tonic and an aid to digestion as well as a laxative that is certain in its effect upon the most obstinate old cases and yet safe and pleasant for a baby. With the first few doses the ill effects of constipation, such as dyspepsia, indigestion, liver trouble, biliousness, flatulency, sour stomach, sick headache, bloated stomach, etc., quickly disappear. It is a remedy that should be in every home for every member of the family at some time has need of a safe, sure laxative. Mrs. J. C. Cooper, Chicago, Ill., writes: "I use Dr. Caldwell's Syrup Pepsin for myself and family. I keep it on hand constantly, as I find it to be a most pleasant laxative and is all you claim for it." Sarah J. Houser, Eureka, Springs, Ark., says: "I would have been dead had it not been for Dr. Caldwell's Syrup Pepsin." It is the best medicine I ever used for constipation, indigestion and biliousness. M. R. Zerkel, Troy, Ohio, considers it the best known laxative for children. We are glad to send a free sample to any one who has not used it and will give it a fair trial. Write today to Pepsin Syrup Co., 305 Caldwell Bldg., Monticello, Ill. All druggists sell it at 50c and \$1.00 per bottle.

REJOICING IN BOURBON

**\$50,000 To Be Distributed Among
Equity Growers**

Farmers of Bourbon county who have their 1906 crop of tobacco in the pool are jubilant over the fact that \$50,000 will be received this week for distribution as a result of recent sales of Equity tobacco.

The officers of the Bourbon Board of Control of the Burley Tobacco Society received orders for the withdrawal of 330 additional hogsheads of the 1906 crop, which is now being prepared for shipment.

This brings the total sales of Bourbon tobacco of the 1906 crop which was pooled up to 1,200 hogsheads, which is 50% of the total. The remainder of the crop are the grades above 15 cents and ranging as high as 30 cents per pound.

A force of men at four different points in the county are now engaged in pruning the 1907 crop, which aggregates 4,000 hogsheads of a much finer quality than the crop of 1906.

Only one farmer in the county has planted a crop of tobacco, and less than 20,000 pounds will be produced in Bourbon this year, which is less than one-fifth of 1% as compared to recent years.

**Is Verdict in Cases of Men on Trial
at Cynthiana For Night Riding**

CYNTHIANA, Ky., June 19th.—The jury in the cases of "Dogwood" Kenton, Charles Fowler, "Gum" McGhee and Bill Brown, charged with night riding, returned a verdict of not guilty yesterday and indictments against the other alleged raiders were filed away.

The men relied on an alibi to clear them. They were accused of stopping Marshall Haley as he was on his way to market with his tobacco.

The Mississippi river is four feet above the danger line at St. Louis and many houses and cellars near the levees are flooded. The Missouri river, at St. Charles, Mo., broke through a railroad embankment and flooded 4,000 acres of farming lands.

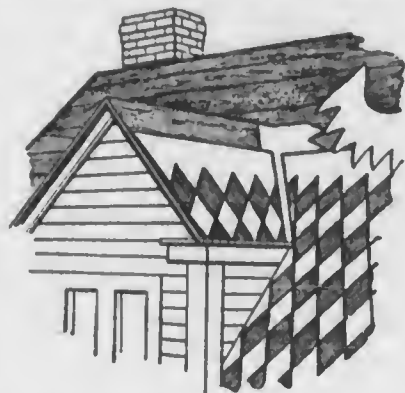

The question that is worrying rivermen most these days is—if the river continues to fall, where will it fall to, and will it be necessary to procure a derrick to raise it again? The river is falling constantly and promises to continue along that tact for the next several days, and the bottom of the channel is already near.

Never in the river history has the Ohio river reached the dead low-water mark so quickly as in the past forty-eight hours, says a Gallipolis, O., dispatch. Larger packets on the upper Ohio are unable to reach Pittsburgh and may be compelled to lay up. Many towboats and barges for mining districts are caught out and will be unable to reach home until a rise comes. Great losses may result unless navigation soon resumes.

BEAUTIFUL ROOF EFFECT OF OLD MOORISH TILES

**MADE POSSIBLE BY MOD-
ERN INVENTION.**

A material which seems certain to entirely take the place of shingles is the latest product of American inventiveness. It is a sheet substance composed of long tough fibres which are matted together with heavy gums having the property of never drying out nor losing their weather resisting qualities. Both surfaces of the sheet are tempered or hardened into an impervious skin that gradually oxidizes on the roof, assuming a wearing surface similar to slate. The color is a warm Indian red. Although laid in long strips, the effect of the finished roof is that of individual, diamond shaped tiles. This result is accomplished by an ingenious method of lapping one saw tooth edged sheet over another, the points of the upper sheet just touching the upper angles of the lower sheet. This produces a series of tiles as shown in cut.

An important quality of this new material, which is called Zolium, is that it will not catch fire from sparks, thus eliminating one of the greatest dangers resulting from closely built up residential sections. Zolium is being shown and explained to builders by

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
